EXTRAORDINARY EVENTS

FILMING & PHOTOGRAPHY

A Truly Cinematic Setting

Bring your creative vision to life in one of the UK's most distinctive filming locations. With its immersive worlds, striking installations and atmospheric spaces, Wake The Tiger Bristol provides an extraordinary backdrop for film productions, photography, music videos, commercials, branded content and creative campaigns.

Whether you're capturing a single scene or producing an entire campaign, our unique environments offer endless visual possibilities that simply can't be recreated in a traditional studio.

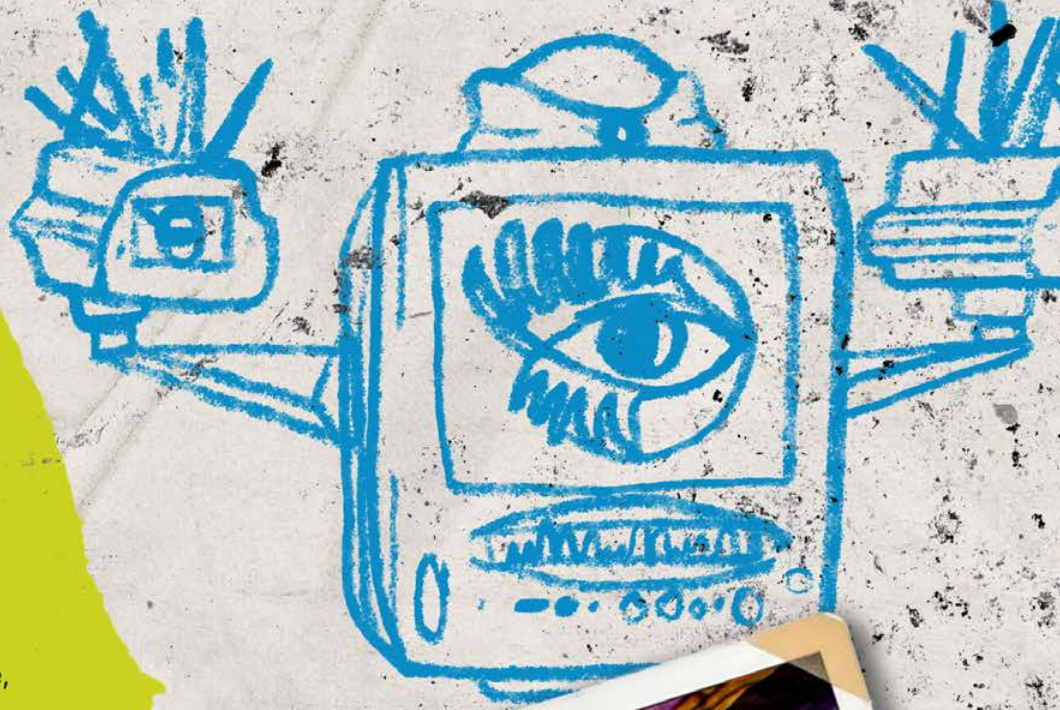

Flexible Filming Hire

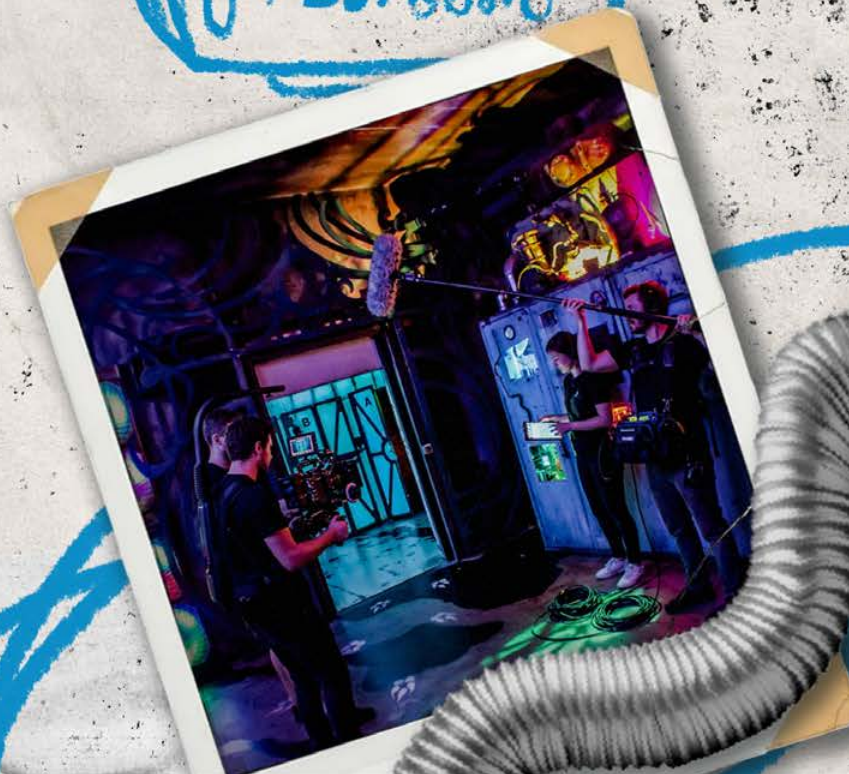

Production companies, photographers and content creators can hire Wake The Tiger for filming and photography on an hourly basis. Simply choose the number of hours you require, and our team will work with you to ensure you have the access and support needed for a smooth and successful shoot.

FILMING HIRE CAN INCLUDE:

- Exclusive access to selected areas or the entire venue
- Flexible hourly hire options
- Assistance from our experienced events team
- Access outside of public opening hours (subject to availability)
- Space for production equipment and crew
- Optional technical support and additional services

Whether you're creating content for television, film, social media, advertising or editorial photography, Wake The Tiger offers a visually spectacular location that will make your production stand out.

CLUB NIGHTS & MUSIC EVENTS

An Unforgettable Stage for Extraordinary Nights

Transform your next club night, live performance or music event into an immersive experience unlike anywhere else. Wake The Tiger Bristol offers a bold, atmospheric setting wheremusic, art and creativity come together to create unforgettable nights for artists and audiences alike.

From electronic music events and DJ showcases to live bands, album launches and immersive performances, our unique venue provides a striking backdrop that elevates every event beyond the ordinary.

Enhance Your Event

Take your event to the next level with a range of optional extras and flexible production options, including:

- Access to our professional sound system
- Bespoke catering and hospitality packages
- Professional event photography
- Immersive performers to engage and entertain your guests

THEY MADE IT OUT OF THE PORTAL...

HERE'S WHAT THEY HAD TO SAY ABOUT THE JOURNEY...

BRISDOC

"I just wanted to say a huge thank you to everyone at Wake The Tiger for helping make our company summer party such a fantastic evening. From our very first enquiry through to the event itself, the whole team has been incredible. Every question and request was met with enthusiasm, nothing ever felt like too much trouble, and the organisation throughout was seamless.

I've had nothing but positive feedback from those who attended. Everyone had an amazing time, and it was exactly the memorable, unique summer party we were hoping for.
Thank you again to the entire team for making the evening so special. We wouldn't hesitate to recommend Wake The Tiger to anyone looking for a venue that's a little different, with outstanding service to match. "

TECH SOUTH WEST

"We used Wake the Tiger for a corporate event, and it was absolutely perfect. The café space was excellent for our panel talks, and having our guests explore the park afterwards was the cherry on top. Charlotte was an absolute dream to work with, as were the rest of the staff. We will definitely be back! "

I3WORKS

We had our company Christmas party at Wake the Tiger and cannot recommend it enough. Everyone had a fabulous time, the food was great and staff exceptional. Will definitely be back!

CENTAUR SOCIETY

"all had an absolutely amazing night, and there's already been so much positive feedback. Thank you for taking previous feedback on board, it genuinely felt like things ran even more smoothly than last year which was great, The support throughout the evening from you and your team was outstanding. I hope you all managed to enjoy it too! "

ABEL & IMRAY

"The team at Wake the Tiger were a pleasure to work with. They were responsive and the"can do" approach both leading up to our event and on the day is in stark contrast to other experiences we've had. The venue itself is unique, and everyone attending got something out of it. The food, drink, and friendly staff, were all top notch. Highly recommend!"

BOND

We recently hosted our corporate social, and from start to finish the experience was exceptional. Charlotte from the events team was fantastic, she responded swiftly to every request and ensured all of our needs were catered for seamlessly throughout the planning process. On the night itself, everything was amazing. Despite challenging weather and some short notice changes, the team was always on hand, incredibly accommodating, and genuinely kind. They brought such a positive energy, hilarious at times, and really made the whole evening special. The experience overall was beautiful, and the food was absolutely delicious, with plenty of variety to suit everyone. We couldn't have asked for better support or a better atmosphere. Highly recommend!

WHERE EVENTS BECOME ADVENTURES

DISCOVER THE STORY OF MERIDIA

Every event at Wake The Tiger begins with a journey.
As guests step through the portal, they leave the ordinary world behind and arrive in **Meridia**, a parallel world where nature, creativity and human ingenuity intertwine. Here, they discover what appears to be an abandoned factory, now home to a remarkable community working to rebuild their world.

These residents are known as the **Sub-Communities**, or **Sub-Coms**. Divided into four distinct groups. **Explorers, Visionaries, Disruptors and Inventors**, each brings its own unique skills, ideas and perspective. Together, they scavenge forgotten objects, harness the remarkable properties of mysterious fungi, and carry out bold experiments in the hope of restoring Meridia's fragile ecosystems.

As your guests journey through the experience, they'll uncover the stories, inventions and environments created by the Sub-Coms. Every room reveals another chapter of Meridia's unfolding narrative, encouraging curiosity, conversation and discovery at every turn. When visitors return to Earth, they often find they leave with more than memories. Inspired by the resilience and optimism of the Sub-Coms, many discover a fresh perspective, seeing the world through a lens of creativity, possibility and hope. It is a reminder that imagination has the power to inspire change, challenge convention and encourage us all to **Inspire. Disrupt. Believe**.

Whether you're hosting a private celebration, corporate event or exclusive hire, Wake The Tiger Bristol offers far more than a venue, it invites your guests to become part of an extraordinary story, creating an event that's as immersive as it is unforgettable.
